SUBJECT: Letter of SERVICE

We, MM MÜHRINGER of Austria and MM MÜHRINGER Libyan Branch are pleased to confirm that Al-Mansouri Construction Company (ACCO) with main office in Tobruk and their branch office in Tripoli, Al-Fatah Tower, 9th floor, worked as a subcontractor to MM for supplying equipment and machinery.

Provided equipment: 120-t mobile crane, 30-t mobile crane,
15-t fork lift, 7-t fork lift

Project: Reformer Tubes Replacement & Catalyst Change at
Direct Reduction Plant of LISCO STEEL Plant in
Misurata

Period: from May – June 2004

We have appreciated this cooperation with Al-Mansouri Construction Co.

The flexible cooperation of ACCO contributed to the successful completion of this project. We at MM certainly believe that our philosophy of good cooperation and involvement with Libyan companies has proved itself again and we hope thus also meeting the expectations of the Libyan and Austrian Chamber of Commerce in exercising good partnership between Libyan and Austrian companies.
